

Firmly rooted in your industry...

The Michigan Sugar Coop has been a main focus of Syngenta's breeding efforts in the United States, allowing us to bring you industry-leading Rhizoctonia and Cercospora-tolerant Hilleshög® brand varieties. The Hilleshög brand has been the market leader in Roundup Ready® varieties since 2008. Our stacked-disease varieties have led to improved yields and increased quality. In 2010, Syngenta will be bringing new Hilleshög brand varieties to the Michigan market with the robust disease packages you have grown to expect from our company.

Thank you for your support over the years, we look forward to earning your business again in 2010.
